

18. October 2023

CONFERENCE MACHINERY DIRECTIVE / MACHINERY REGULATION 2023 – Day 1

08:30 – 09:30

RECEPTION OF PARTICIPANTS / LOG IN TO THE ONLINE-CONFERENCE

09:30 – 09:45

CONFERENCE OPENING

Dr.-Ing. Björn Ostermann - Dipl.-Ing. Hans-J. Ostermann

09:45 – 10:30

+15 min. Discussion

Dr.-Ing.
Björn Ostermann

NEW EU-MACHINERY-REGULATION OVERVIEW

- Economic Operators
- Scope of application
- Substantial modification
- Annex III MR (currently Annex I)
- Documents

10:45 – 11:15

COFFEE BREAK

11:15 – 12:00

+15 min. Discussion

Dr.
Carsten Schucht

**NEW EU-PRODUCT SAFETY REGULATION VERSUS
NEW EU-MACHINERY REGULATION**

- Consequences for the machine manufacturer
- Additional applicable requirements for consumer products
- Obligations of economic actors, change of roles and substantial modification
- Regulation of online trade and online marketplaces

12:15 – 13:45

LUNCH BREAK

13:45 – 14:30

+15 min. Discussion

Marcel Hug

EUROPEAN CYBER RESILIENCE ACT (CRA)

- Status of the legislative process and the draft
- Regulatory structure and specifics
esp. "critical products" & establishment of vulnerability management
- Interfaces to other regulations
EU-MVO, RED, localization in Eur.
Cybersecurity regulatory landscape, ...
- Challenges in implementation and application

14:45 – 15:30

+15 min. Discussion

Howard Wheeler

IMPLICATION OF UKCA MARK FOR EUROPEAN SUPPLIERS

- When will CE acceptance end in UK
- Will UK adapt to the new Machinery Regulation
- What to look out for when im-/exporting from/into UK
- Presumption of Conformity according to which standards
- Do you need different technical files for UK and EU?

15:45 – 16:15

COFFEE BREAK

16:15 – 17:00

+15 min. Discussion

RA
Carsten Laschet

IF I HAVE TO APPLY ALL THESE LAWS, I CAN NO LONGER SELL ANYTHING

- Which regulations are relevant?
- I don't know which regulations apply anyway
- I don't have the time for further training
- I don't have the staff for that
- Nobody pays me for that

End approx. 17:30

19. October 2023

CONFERENCE MACHINERY DIRECTIVE / MACHINERY REGULATION 2023 – Day 2

09:0 – 09:05

CONFERENCE OPENING

Dr.-Ing. Björn Ostermann

09:05 – 09:45

+15 min. Discussion

Dipl.-Ing.
Hans-J. Ostermann

PARTLY COMPLETE MACHINERY NEWLY REGULATED

- Changes due to the new EU Machinery Regulation
- Impact of changed definition
- Obligations of economic operators
- Safety up to the interfaces
- New EU Declaration of Incorporation
- Assembly instructions become Instructions for use

10:00 – 10:30

COFFEE BREAK

10:30 – 11:15

+15 min. Discussion

Dipl.-Ing.
Pascal Staub-Lang

MD/EU-MR INTERACTION WITH PED

- Two EU product regulations that belong together!
- Machinery or PED assembly?
or
PED assembly as part of the assembly of machinery
- Responsibility for the safety of the entire system

11:30 – 12:15

+15 min. Discussion

Dipl.-Ing.
Gerhard Quanz

MACHINERY WITHOUT CE IN ILLEGAL PROFESSIONAL USE

- LASI (German committee for occupational safety and safety technology) rules for manufacturers and employers
- Regulatory limits
- What are the consequences?
- Healing

12:30 – 14:00

LUNCH BREAK

14:00 – 14:45

+15 min. Discussion

Dipl.-Ing. (FH)
Helmut Bach

SAFETY OF MACHINERY AT THE MANUFACTURER / OPERATOR INTERFACE A SOLUTION-ORIENTED FIELD REPORT

- Machine procurement from two different perspectives
- Safety deficiencies appear during operation
- CE organisation manufacturer / operator
- Maintenance, tests, modification

15:00 – 15:30

COFFEE BREAK

15:30 – 16:15

+15 min. Discussion

M. Sc.
Patrick Dyrba

EX-PROTECTION AT THE MANUFACTURER / OPERATOR INTERFACE

- What the manufacturer must supply to the operator
- What else the operator needs
- Operator requirements from the Hazardous Substances Ordinance (German Law – GefStoffV)
- Requirements on installations subject to monitoring (German Law – ÜAnIG)

16:30 – 17:00

FINAL DISCUSSION

- Questions from the audience
